Translators Notes

It's time for the long-ass texts that nobody reads. Believe me, I also rarely read these on my manga I read. Esperially if it contains rants and other useless stuff that has no connection to the manga itself (like this one). By the way, the credits page can be renamed to .rar and be extracted for the real scanlation file. Or you can simply wait for the download link tomorrow. In any case, April Fools' -Present
